

Dear Concerned Jewish Citizen;

The American Jewish community is in trouble. Our numbers are quickly dwindling. Fewer and fewer Jews are eating lox with their bagels. More and more Jews are passing up Adam Sandler's Funny People in exchange for Harry Potter, Hannah Montana, and Transformers. And when was the last time Kevin Youkilis sat out a game to go to shul?!?!?

The future of the Jewish people is on YOUR shoulders! Without YOU, who will learn the mysteries of Koshers Iron Chef? Who will traverse the alleys of New York City in search of our history? Who will meet with Martin Abramowitz, baseball expert and creator of the Jewish Major Leaguers baseball card set?

THE JEWISH PEOPLE NEED YOU TO SIGN UP FOR **MIDRASHA!!**

Thursdays. 6:15-8pm. Pizza included.

The future rests with you. Join us.
