

Please join the CBI Social Action
Committee in fighting voter suppression!

Sunday, October 13 from 4:00 - 6:00 pm

With support from JALSA, the Jewish Alliance for Law and Social Action, CBI's Social Action Committee is hosting a postcard-writing event to help combat rampant voter suppression laws that have recently been enacted in several states. Our event will focus on Ohio, where new laws make it more difficult for college students, people with disabilities, and others to vote. The postcards will alert people to the new laws so they will be prepared to cast their votes and have them counted.

JALSA will provide the postcards, the wording, and names and addresses, and the Social Action Committee will provide snacks. Please RSVP so we know how many people to expect, and please bring 40-50 postcard stamps.

We hope to see you there!
